EXPLOSION—
Continued from Page 1.
Very little was saved from any of the stores. Charles E. Cone, local real estate man, estimated the property damage would run higher than \$100,000. He said, in his opinion, merchandise damage would run that high and that other concerns would have damage of around \$250,000—making the total more than \$350,000 or more than a quarter million dollars.
A list of buildings damaged or destroyed by the blast follows:
Olliff and Smith Feed and Seed Company—a total loss.
Bowen Furniture Company—a total loss.
Zisset's Barber Shop and Beauty Shop—a total loss.
Barley's Billiard Parlor—almost a total loss.
Frances Cloth Shop—a complete loss.
H. W. Smith Jewelry Company—serious damage.
Waters Furniture Company—slight damage.
Ideal Shoe Store—\$2,000 damage, with a great many shoes belonging to customers lost. All equipment was moved into the street.
Several offices in the rear of the Sea Island Bank were damaged by the blast, ending with the destruction of the building.
A great number of Statesboro business concerns suffered damage from windows being blown out.
H. Minkovits and Sons had the entire front of their building almost blown out.
Olliff and Smith suffered damage to the front glass and light fixtures, as well as windows in the rear which were pushed out by the force of the blast.
Bullock Drug Company suffered heavy damage to the store front.
Donaldson and Smith Clothing Company lost their entire glass front.
The Statesboro Telephone Company had the entire glass front blown out. Company officials said service was interrupted in certain sections of the city because of damage to the cable which passed in front of the destroyed section.
The building next door—on the south side—to the telephone company had its entire front blown out. Only last week workmen had completed installation of a new set of plate glass windows. These were a total loss.
Rosenberg's Department Store suffered the loss of their entire glass front.
The entire front of the College Pharmacy was blown out.

Let Patience Be the Watchword

AND THEY'LL come a-knocking on your door.

And you and yours will be counted. Come April 1, 29 citizens of Bulloch County—your neighbors and our neighbors will begin taking Uncle Sam's 1950 census.

Arnold B. Anderson Jr., young attorney of Statesboro, has been named crew leader of Bulloch county 29 enumerators. On "C-Day" (census day) they will fan out over the county to begin the biggest peace-time undertaking ever attempted by the federal government.

Enumerators have been given thorough training in their job. Mr. Anderson has spent a lot of time with District Supervisor Coy E. DeLoach of Claxton.

Taking the census is going to be a rough job. But it can be made easy if the citizens of Statesboro, Bulloch County, the First District, Georgia, U. S. A. will understand that it is a job that must be done. Be patient and tolerant with the enumerators when they come to your home, or your office.

You will be asked eight questions by the census taker. None of them can be answered with a plain "yes" or "no". They will be name, relationship to head of the household, race, sex, age, marital status, state or county of birth and citizenship status. Two additional questions will be made of all persons 14 years of age or over. They relate to employment status and kind of job.

The answers you give to your census taker will be strictly confidential. However provision is made for you to take the enumerator's form on your income, fill it in yourself and mail it direct to Washington in an envelope that requires no postage. You will not have to sign it, if you're extra-special careful.

Up She Goes Again!

THIS WEEK we toss our by now battered hat high into the air over the honors given to Alfred Dorman.

Last week he was named president of the Statesboro Rotary Club. Last week he was named a director of the United States Wholesale Grocers Association.

Called "Bull" by his friends and acquaintances because of his willingness to talk anytime on any subject, and because of his willingness to "stick-his-neck-out" on anything that is for the progress of Statesboro and Bulloch County we believe he deserves these honors.

We admire his stubbornness in refusing to accept "no" when he represents our community in its step by step progress march.

Up and down the length of U. S. Highway 301 he is Statesboro and Bulloch County's walking bulletin board.

He's a good man for our community. And we congratulate him on the two new honors bestowed upon him. So up goes our hat.

And Up Again!

WE NO SOONER caught our beat-up hat after tossing it up for Alfred Dorman when we toss it up again for Miss Maude White.

Known all over the state of Georgia for her enthusiasm for her work, she was last week named treasurer of the Georgia Visiting Teacher Association when that group met in Atlanta. She is chairman of the First District Visiting Teachers.

To Miss Maude there is only one community—Nevis. There's Bulloch, of course, but only to provide Nevis with a geographical designation.

We congratulate Miss Maude. Bulloch County is a better place because of her love and devotion to the work in which she excels.

Up goes our hat.

We Pass the Word Along

WE'RE HAPPY to pass the word along for Governor Talmadge that we're going to get the Minimum Foundation Program for Education, "God Willing".

And if chance makes you either the "fifth" or the "thirtieth" person interviewed you become someone special. You will be asked additional questions for a "sample". Some complex law of statistics enables the compilers to arrive at reasonably accurate conclusions by taking these "samples".

And if the census taker calls upon you to answer the Landlord-Tenant questionnaire then you must call upon all your reserve of patience—for there are 334 separate answers you must give.

If you are a farmer your farm questionnaire will cover more than 50 crops. Of course, no farmer will have to answer questions about 50 crops, but somewhere in that list of 50 crops you will most likely find some questions that will apply to each individual farm. Usually there will be only four or five of these crops located on any one farm.

The 1950 census is going to cost Uncle Sam \$80,000,000. 140,000 enumerators will be going up and down the land asking questions.

The census is expected to reveal that there are 151,000,000 people living in the United States. That these people live in 45,000,000 dwelling units. That there are 6,300,000 farms in the country. That Georgia may have lost a seat in Congress due to the unprecedented growth of population in some other states.

The 1950 census will provide invaluable information for trade, business and commerce. It will provide an accurate means for measuring the future needs of every community in the country.

"C-Day" is Saturday, April 1, and no fooling.

"C-Hour" (census hour) is at 8:30. Let patience and tolerance be the watchword.

Warning!

DURING THE NEXT five weeks be on your guard! For sometime during the five-week period beginning Saturday April 1, someone will ring your doorbell or knock at your front or back door.

That person will say he or she is the census taker.

Make him or her prove it! If he or she is a certified census taker you will be shown an official identification card signed by Coy E. DeLoach, District Supervisor.

Stories are already circulating of citizens being taken in by fake census takers—and the census taker not yet under way. So be careful—be sure the person you admit into your home or office is an official census taker.

To Kite Flyers...

IF YOUR KITE gets fouled up in the power lines of the Georgia Power Co. don't go shinning up a power pole to try to lose it... nor let your dad, in his enthusiasm to be Junior's helper, try it. Call Sam Strauss and tell him where it is and he'll send out a crew of his boys... they'll get it down, even if it's just a 10-cent kite. It's dangerous business to try to untangle a kite from power lines.

Monday Observations—

Monday morning observations made through the haze of the Monday Morning Blues—A huge truck and trailer blocking traffic on South Walnut Street between West Main and West Vine Street—parking on both sides of the street on North Walnut Street between West Main and Proctor Street—trapped traffic on East Grady and West Grady at South Main Street—speeding taxi down West Main Street—

Today is yesterday returned; returned Full-powered to cancel, expiate, raise, adorn, And reinstate us on the rock of peace; Let it not share its predecessor's fate, Nor like its elder sisters die a fool. —Young

A Room Full of Noses

Editor's Uneasy Chair

So, You'd Like to Be Congressman?

SO, YOU'D LIKE to be a Congressman?

Or maybe you'd settle for secretary to a Congressman?

Think long and clearly on this before you conclude you'd like to be in Congressman Prince Preston's House of Representatives seat, or at J. Brantley Johnson's House.

For the life of a congressman and his secretary is not an easy one—if they do a good job for the people who send them to Washington.

A typical day in Congressman Preston's office in Washington will give you an idea.

J. Brantley Johnson, seven and a half miles from Alexandria, Va., to arrive at their office at 8 a.m.

He opens the mail. It takes him a solid hour to do this, and on Monday it's a two-hour task.

At 8:45, as regular as the clock, your Representative comes in, after a 45-minute drive from Bethesda, Maryland.

He looks at every piece of mail. He comments on it, gives it personal and attentive consideration. He answers every letter the same day it arrives if it is humanly possible.

By 10:30 he is ready to see the people who have made appointments with him.

At 12 o'clock noon the House convenes and he's there until it adjourns for the day. He then returns to his office, sign the mail and tie up loose ends.

Your congressman's record of attendance is excellent. He rarely misses a roll call and if it's something that he feels his people are interested in he makes extra effort to be there. Because there were three important bills to be discussed in the House last week, he did not come home to be present at the meeting of the Executive Committee of the First District when it met here last Thursday.

He wrote a letter explaining that he felt he should remain in Washington.

At home he finds relaxation in putting about the yard and giving time to his family.

That's his schedule.

But it's not that simple. There are people to see—friends from Statesboro and Bulloch, from the district, who drop in for a visit. There's an average of eight a week from the First District who call in to see him. About half of these just to say hello, the others seeking his help to clear up part of the strange procedure which complicates doing business with Uncle Sam.

And your congressman never refuses to see anyone.

By choice, his office is in the old House Office Building, where the rooms are large and the ceilings high—it makes his visitors from home a little more comfortable than they might be in the new office building. All but two of Georgia's representatives have their offices in this old building with Mr. Preston.

J. Brantley Johnson over the outer office and Prince makes his visitors feel at home in the inner office. There one sees photographs of the Almanac says the weather this week—

Political Announcements

STATE TREASURER

Shims Garrett, Jr., of Milledgeville, announced his candidacy for the office of State Treasurer in the June 28th Democratic Primary.

Much interest in Garrett's candidacy is felt by many local citizens who remember favorably his cooperation with the county in highway matters during his tenure of office as an official of that department. Garrett was Vice-Chairman under Governor Ellis Arnall and served as Treasurer of the Highway Department under Governor Herman Tamm.

Garrett has been prominent for many years in Georgia business and political circles. In addition to his close association with Arnall and Tamm, he served as Secretary to Congressman Stephen Pace for four years.

His announcement statement pledges competent and harmonious cooperation with all Georgians in building a greater State.

Many leading citizens of this county have pledged him their support.

FOR STATE SENATOR

I hereby announce my candidacy for State Senator from the 49th Senatorial District of Georgia, composed of Bulloch, Candler and Evans counties, subject to the rules of the Democratic Primary to be held on June 28, 1950.

As one of your elected Representatives during the General Assembly during the past session, held in 1948, and during the special session last July, and during this session completed in January, it was my purpose to serve you in a manner that would further the best interests of all the people of Bulloch county. My record will show a consistent vote against all measures that were introduced by anyone from a partisan political standpoint for his own interest and against the welfare of the people as a whole.

My record will show that I was one of the co-authors of the Minimum Foundation Program for Education, that I voted for this bill for the betterment of our educational system in Georgia as it would materially improve our grade school system and also our Georgia Teachers College, and, to go even further, I voted to finance this program as one without the other was more politics.

I feel that my experience in the House of Representatives would aid me in representing you in the State, where your best interests would be protected. My promises

are to you is my past record and my desire to serve you fairly, impartially and honestly in every matter that it would be my pleasure to have before me.

Your vote and influence in my behalf will be greatly appreciated.

Sincerely,
A. S. DODD, JR.

FOR STATE SENATOR

To the People of Bulloch County: This being Bulloch's time to furnish the Senator for the 49th Senatorial District, composed of Bulloch, Evans and Candler counties, I hereby announce as a candidate for this office, subject to the rules of the Democratic Primary to be held June 28, next.

Should I be elected, it shall be my purpose to support those measures and causes which mean so much to the progress of this section, including the School System of the State, the Georgia Teachers College, at Statesboro, the Public Road System, the Departments of Public Welfare and Public Health, with adequate support for the aged and sick, with means of financing them.

Too, I shall render an impartial service to all interests and to all concerned in the welfare of our State.

Appreciating your support and help, I am,
Respectfully,

'Doctors' Day' Is March 30

March 30 is "Doctors' Day" and will be observed in Bulloch county. THE DOCTOR

He answers the call of the wound and sick. He stays by his patients through thin and thick. He delivers the babies to the happy fathers and mothers. And watches for the coming of sisters and brothers. Whether the calls be at morning or night, The good family Doctor begins his fight.

He doesn't do his work for worldly acclaim. He cares not for riches or fame. To these gallant, unsung heroes we say, We are glad to honor you on Doctors' Day.

Handy and Easy Are Both Wrong

Handy Peterson and Easy Roberts get in quite an argument the other day over at Fred's Garage talking about the best spot to fish up at Green Lake.

"Opposite the old sawmill is the best spot," says Handy. But Easy "pooh-poohs" him. "I've seen the biggest fish caught off Cedar Point," says Easy. "I've been catching them there for years."

Then Fred goes into his office and brings out the biggest mounted rainbow trout you ever saw. "Bet that was caught at the sawmill," comments Handy. "Cedar Point."

ture awnings? And from the vegetable garden neatly set out in rows, I came away with the biggest cabbage on the place. I noticed a strawberry bloom. Maybe I'll visit Helen again soon.

Now we'll introduce a bit of music during intermission. If you attended Mr. Lewis' piano recital, you're probably saying our children grow prettier and more talented every year. The program was varied, introducing song and dance interludes. Dotty Daniel who has practically been driven to nail chewing because both Dotty Jr., and Anna Bird were to play Minuet in G, in due arrangement. Would one or both of her children snarl up the recital. Her worries were over Friday evening for they played the lovely minuet without missing a note. Linda Pound and Patricia Redding brought the house down with a piece entitled "Mama." They were duncunses in the best of ways. There were songs, too, including "Let John Lightfoot stole the show with a song. Others thought Betty Jo Brannen (The Maurice Brannen's daughter) lovely and blonde in adorable silver and blue costume tap dancing expertly was most outstanding. Everyone agreed that Mrs. Lewis had done wonderfully well with her pupils. Mrs. Rufus Anderson, Mrs. Jack Wheeler, and Mrs. Sidney Lanier decorated the stage. Her high school pupils

presented their teacher with one dozen and a half red carnations and Grace Hodges Cason brought in three and a half dozen snap dragons.

As ever, JANE.

W. C. Hodges Is Show Chairman

W. C. Hodges, Jr., was named general chairman for the Fat Stock show this year at the meeting of the livestock committee Friday afternoon. Mr. Hodges has perhaps contributed as much time and effort toward making the past fat stock shows possible as any one individual in the county and deserves the honor that goes with being the head of the organization.

Mr. Hodges and his father, Wade C. Hodges, have held back several cattle every year to enter in the show so that adequate commissions would be available to help meet the premium list offered.

The naming of Mr. Hodges as general chairman has met with hearty approval of all the clubbers that have some 60 cattle ready for the show on April 27.

The 1950 show will be held at the Bulloch Stockyards, Col. R. T. McEldon will be the auctioneer. Other members of the committee for 1950 are: Rules committee, J. I. Smith, chairman, R. L. Roberts and John H. Brannen; Sale committee, Hubert Tankersley, chairman, J. L. Dekle, Julian V. Tillman, and Dan W. Hagan; Show committee, A. C. Bradley, chairman, Gordon Hendrix, Devaughan Roberts, and R. P. Mikell; Finance committee, C. P. Giliff, chairman, and Dr. R. J. Kennedy.

Practically every member was present at the meeting Friday and expressed the belief that 1950 would be the best show ever held in Statesboro.

JUNIOR WOMAN'S CLUB TO SELL EASTER LILIES
Announcement is made today that the Statesboro Junior Woman's Club will sponsor the "Lily Day Parade" Saturday, April 1, as part of the annual Easter Seal campaign for the benefit of the state's 30,000 crippled children.

T.C. Nine Opens 1950 Ball Season

The new season will be given a four-day initiation at Georgia Teachers College this week.

The Teachers nine entertained Erskine College yesterday and today and they play North Georgia College on Friday and Saturday. They will oppose Mercer University next Tuesday and Presbyterian College next Thursday before making their first trip.

Games will be played in the afternoons at the Statesboro Pilots Field until work can be completed on a new college park.

With eight lettermen and five promising pitching recruits, the Teachers are in for a good season, Coach J. I. Clements, Jr., believes.

Old hands who will retain positions are Mason Clements and Keith Clements of Ray City, the coach's brothers, in the outfield; W. G. (Red) Bullock, Jr., of Valdosta, at first base; Roger Parsons of Harlan, Ky., at second base or in the outfield; Joe Middlebrooks of Warwick, catcher; and F. M. (Sonny) Clements of Rhine, unbeaten as a freshman pitcher last season.

If Parsons plays in the outfield, John Mallard, smooth freshman of Sardis, will open at second base. Alton Dewes of Edison, transfer
